What is this type of insurance?

This is a consumer contract providing an insurance policy for comprehensive cover on your private car. This means your car is covered for accidental damage, damage caused by fire, theft and attempted theft. This policy satisfies the requirements of the Road Traffic Act.

GoSkippy Connect is a telematics car insurance product and the GoSkippy Connect App and Wedge Device are therefore a requirement of your insurance policy. The data we receive from your Wedge Device and GoSkippy Connect App will show us how often you drive, where you drive and where you park your car. We also use the data to determine your Driving Score and to verify your policy information and help us to investigate claims.
